To mark the 35th anniversary of our founding and commemorate the 85th year of advent of the Kaliyuga Avatar Sri Sathya Sai Baba, we solicit your gracious presence at a symposium on Indian culture and spirituality followed by Dinner Reception.

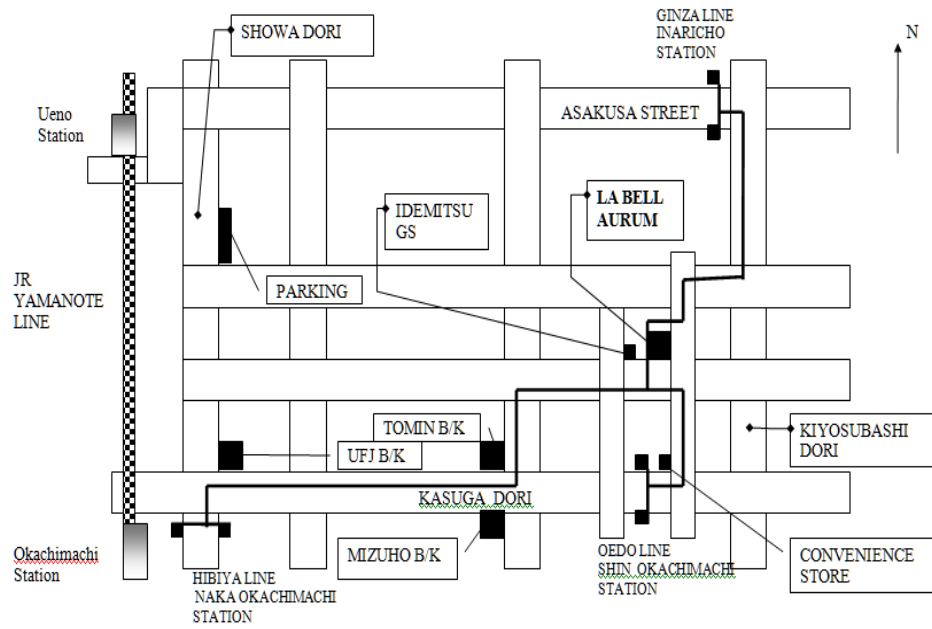

Since 1975 we humbly continue to serve orphans, handicaps, homeless and under privileged citizens of Japanese Society. In the field of medicare and education; preventive medicine, symposiums on value based education, training of School teachers and publications on Saints and Sages have inspired Japanese School students to ardently study about India.

“You hear people talking about “culture” and “spirituality” as if they are two different things. In my view, culture is only the essence derived from spirituality. Just as sugar is common to all the varieties of sweets, which are seemingly different from one another, spirituality is common to the seemingly different cultures of all lands and nations. In short, you should recognise that culture is a part of the all-inclusive spirituality.”

Sri Sathya Sai Baba
